2019 GRADUATE COMMENTS

“Loved the idea of presenting something from the workplace. Although a little nervous it was awesome to present this and get great feedback about how it would have been presented better and be used for future presentations. The Program is definitely challenging and requires you to think and have in-depth conversations with others, particularly about feelings and emotions on certain topics. It's awesome to get to know people from other organisations too.

Liam Phillips, Boomaroo Nurseries, VIC

“This is a fantastic program, I think everyone should do at least something like this. I have learnt so much about myself and how other people learn, react to things and how everyone thinks differently. My management team are also very happy with how much I've taken from it and put it into action, can't thank David and Jill enough”.

Mitchell Palmer, AT Eyles & Sons Citrus Pty Ltd, NSW
